

JOIN OUR TEAM

WE'RE GROWING!

All West Communications employees believe that the power of communication can break barriers. Our employees enjoy the efficiency and team environment of a smaller, more adaptable, privately owned company. We are looking for an Engineering Manager, with a telecommunications emphasis. The successful candidate will be a great communicator, self-directed, quality-focused, and detail oriented.

Responsibilities

The Engineering Manager oversees the planning, design, and development of outside plant engineering.

- Manages engineering functions to ensure effective distribution systems and processes are in place.
 - Develop and achieve department goals and objectives
 - Serve as subject matter expert
 - Prepare and present recommendations to executive leadership
 - Implement best practices
 - Ensure quality control measures
 - Coordination with other groups, both internal and external, on complex projects
 - Assigns daily activities of engineering staff
- Participates in strategic planning processes
- Reviews current OSP layout for ensuring validity of routes
- Special projects (State and Federal mapping obligations, internal mapping and informational needs, etc)
- Other duties as assigned

Qualifications

- Current driver's license
- Bachelor's Degree in an Engineering Field, PE strongly preferred
- 5-7 years related experience
- Proficiency with AutoCAD, Google Earth
- Excellent communication skills, both written and spoken
- Strong computer skills, including Microsoft Office (Word, Excel, PowerPoint, Outlook).
- Valid driver license

All West is a drug free workplace, conducting pre-employment and random drug testing. Benefits include medical, dental, short-term disability, life insurance, AD&D, 401k with company match, PTO, paid holidays, and more!
